- This project contains CMAQ funds as well as Formula 5339 funds. The most recent amendment was to add these formula 5339 funds to the project. This caused an issue with the eSTIP portal. Currently the eSTIP doesn't have the functionality to show highway and transit funding on the same project.
- The total project cost has been corrected to \$5.71 million and is reflected in the updated 2040 RTP listing.
